

Summer SAAC Membership Pricing:

Emory is committed to bringing you an excellent summer membership experience while maintaining the quality in our facilities. To support that commitment, our membership pricing will be increasing. This adjustment enables us to address increased operating costs while maintaining services for members. Over the last several years, we have seen marked increases in lifeguard and maintenance costs. The new rates will take effect March 20, 2024 coinciding with the release of our SAAC summer memberships. With this increase, you may still enjoy all the same benefits and now with no waitlist. Our amenities at the SAAC include the pool, fitness center, exercise classes, and tennis, pickleball and volleyball courts.
